**VAT** NL8097.61.622.B.01

The new organization is jointly owned by both Weir Environmental Group and MicroLAN BV and will be based in Wilmington, DE. The primary focus of the organization will be the marketing and sales of the TOXcontrol Online Toxicity System to the drinking water and wastewater markets in the U.S. Weir Environmental Group President Richard Quashne adds, "I've known Mr. Appels for several years now and am glad to be partnering with him to bring this innovative environmental testing solution to the U.S."

## **Weir Environmental Group, LLC obtains initial financing and is officially registered in the State of Delaware, USA.**

"This was a key step in the development of Weir Environmental Group into a world-wide, environmental marketing organization," commented President, Richard Quashne. "Weir Environmental Group is better positioned to continue bringing those analytical products to market that can improve and protect the quality of our water and soil."
